

MERCHISTONIAN ANGLING CLUB

OUTING

MORTON FISHERY, OAKBANK, NEAR LIVINGSTON, WEST LOTHIAN

SATURDAY 16 AUGUST 2008

I have identified an attractive small fishery at Morton Reservoir, which is just to the south of Livingston in West Lothian.

It is proposed to hold a meeting of the Club on Saturday 16 August.

I have reserved up to 8 boats (2 rods per boat) and the price per head is £22. The fish are Rainbow Trout.

Details of the fishery can be found on their website: www.mortonfishery.co.uk.

The day session is from 9.30am – 5.30pm and I suggest we meet at 9.30am. Alternatively, if you cannot manage the full day, please come along for as long as you can (no price reduction!)

Please would you bring your own food and victuals.

Please can you let me know as soon as possible if you can attend.

Yours

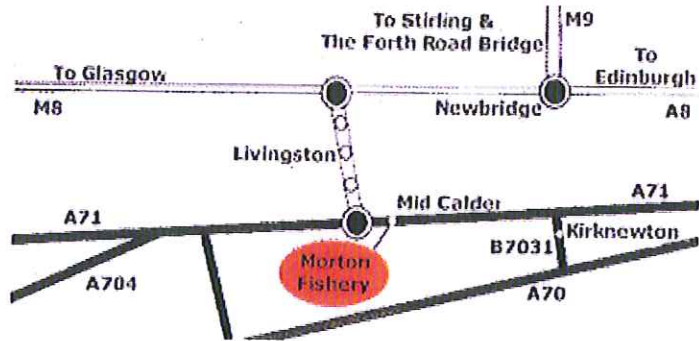

Charles Guest
